COACHING FOR RESULTS

Sowing and Growing

One of the principles that we constantly talk about is the principle of “Reciprocity”. It comes out of the law of “*Sowing and Growing*” and it basically states that if you aren’t constantly sowing into other peoples lives, business’s or family’s, then you won’t form long lasting relationships and people will end up going elsewhere to do business. If you would like to know more about this principle then just click on the link below and you will receive a 30 minute web stream explaining it.

By way of implementing this principle I would like to gift you the following;

Does your money seem to go to everyone but you...?

You can escape the slavery!

Get your money to work for you...don't keep working for it.

We are constantly looking for ways to help you progress and build wealth.

You will have noticed most Banks and other brokers are more than happy to help you into debt... and then they just "leave you a loan"! Hence, with your best interests at heart I have formed an alliance with **Kingdom Works Money Management Systems** who provide a new service that will get you where you want to be financially *fast*. With easy to understand guidance and the latest techniques, you can enjoy a lifestyle today, eliminate your debt and reach financial independence sooner than you would ever believe!

Sadly it's a fact, 98% of Australians will be seriously under funded in retirement. No matter how hard we try, the pressure of modern society makes it next to impossible to work to a firm budget and stick to a long term game plan. It's hard enough just making a living let alone create wealth. Then, just when we think we've got it right, something changes and we are back where we started.

Isn't it frustrating when we work hard year in year out, yet don't feel we are making the headway we deserve. It is like we are slaves to the Tax department and financial institutions. Why on earth should we be working hard to make everyone else rich? It's just not fair!

We are pleased to share with you that it doesn't have to be that way anymore....

Introducing "The Master Achiever Program"

With the Master Achiever Plan system we look at your current financial picture to see how it is likely to look in the future. In conjunction with you, we then find ways of structuring your financial affairs to maximize your cash flow for further investment and/or elimination of debt whilst maintaining your lifestyle... and giving you the future you deserve. This analysis is done for you **FREE** and with **no obligation**.

Then this remarkable service is provided to you to ensure that your plan becomes a reality in your bank statements. Ultimately the Master Achiever System should **cost you nothing, as it will actually save you money**. This service will only be provided if:

- It can fit into your current circumstances in a way that sees you with more money at the end of the month...

AND

- We can first prove on average you will double your net worth in the first 5 years without significant risk!

The *Master Achiever Program* teaches you how to get the most out of your hard earned dollar; it prevents financial mistakes, eliminates debt, builds wealth, improves your current lifestyle and takes the pain out of managing money. It really is fantastic!

You are valued client of ours and we have negotiated with Kingdom Works Money Management Systems to provide you with a **FREE** consultation (valued at \$450.) to generate your own Master Achiever Report.

To receive this free gift simply email me or ring John Edelman on 03 9395 1577.

Breakfast and Seminar

On November the 1st at The Crown, we will be conducting a business breakfast with guest speaker, followed by the WOW Company Breakthrough Experience “Workshop”, which follows straight after.

[Click here to read about what you will learn and discover on the day.](#)

Here is HOW it works.
