

February 2007 Volume 63

COACHING FOR RESULTS

It is now 15 years since opening the doors of “Coaching For Results Ltd” for business. It has been a wonderful journey, working alongside executives, key business teams and helping small-medium businesses grow.

At the time I thought I knew it all, but looking back I realise that I have learned much through walking alongside so many other great achievers. It has been a fascinating journey of discovery as I have taught, mentored and encouraged. Some of the keys for success that I have learned and developed along the way include:

1. It is not about how much you know. (IQ is important but not critical.)
2. It is about building relationships long term. EQ and SQ (emotional and spiritual intelligence) are critical.
3. You can't do anything without your health.
4. Unless you live true to your values and principles, there will be challenges and conflict.
5. Find balance in your life.
6. Often people with goals and plans still get lost along the way. We all need someone to help keep us on track.

7. Leadership is not about what you know, how good your service or product is or who you know, *it is all about who you are!*
8. Experience is the best teacher and making mistakes is OK.
9. Empower others and build alliances.
10. Know the laws and principles of life and stick to them.
11. Learn to let go of the old ways and the baggage you carry.
12. There is a greater power than “Self”.

Our hope is that these keys might also help you along your journey.

KINGDOM BUILDERS

If you believe you could benefit through going deeper into any of the above key areas, we have developed a DVD-based coaching program called “Kingdom Builders”. This 8 set DVD pack takes you on an 8 hour self-paced journey to equip you to refine or discover your Vision, Purpose, Values and strategies for building your business and your life. It is a terrific teaching series for individuals and a great tool for building key teams through learning and discussion.

The interactive nature of the program includes completing activities and then “reporting in”. This is supported by either personal visit (up to one hour) or by connecting to regular web conferences on Thursday evenings.

The value of the program is significant, and the cost is just \$595 all inclusive.

But that’s not all!! We are so confident through past results that we will provide a money back guarantee if you do not gain and grow through this valuable resource.

To Order:

e-mail john@coachingforresults.com.au with your contact phone number .

For a brief sample of the program, click on the link below.
